## PERSONAL PROFILE

Motivated Junior Software Developer, recently graduated with a Higher National Diploma in Software Development with a strong focus on Python and Django.

Have 1+ non-commercial experience working with Python, Django, PostgreSQL, JavaScript, React, HTML, CSS and unit testing.

A detail-oriented, organized and hard-working employee, strongly focused on the quality of the code. Work at a fast pace to meet tight deadlines. An enthusiastic team player ready to contribute to the company's success.

## EDUCATION

### Higher National Diploma, Code Institute

Aug 2021 — Aug 2022

- The Diploma in Full Stack Software Development (E-commerce Applications) has been credit-rated by the University of the West of Scotland at level 8 on the Scottish Credit & Qualifications Framework with 60 SCQF credit points.
- This, in turn, equates to level 5 on the European Qualification Framework (EQF).

## PROJECTS

### \* NORAH'S CERAMICS

May 2022 — Jul 2022

Norah's Ceramics - an online shop with handmade ceramic and glass products and also zero-waste accessories for the kitchen and bathroom. This e-commerce business is B2C oriented.

- Full stack e-commerce website involving CRUD operations, real payment infrastructure and authentication.
- Created with an Agile methodology to plan and design the site.
- Build with: HTML, CSS, JavaScript, PostgreSQL, Stripe, Python, and Django as a framework.
- [GitHub link](#)

### \* THE WALKERS

Jan 2022 — Apr 2022

The Walkers - a platform for people who are both: looking for dog carers and people providing such services in the United Kingdom.

- Full-Stack platform involving CRUD operations, based on business logic, used to control a centrally-owned dataset.
- Contain an authentication mechanism, and provide role-based access to site data.

- Created with an Agile methodology to plan and design the site.
- Build with HTML, CSS, JavaScript, PostgreSQL, Python, and Django as a framework.
- [GitHub link](#)

## \* BRAINSTORM QUIZ

Nov 2021 — Dec 2021

Brainstorm Quiz is a quiz game. The goal of the Brainstorm Quiz is to become the Brainstorm Champion. To achieve this, the player must answer all questions.

- A command-line application designed to be used from a text interface( such as a shell).
- Build with Python.
- [GitHub link](#)

## \* CUP&CAKE

Sep 2021 — Nov 2021

CUP&CAKE website is a landing page for a pastry shop that bakes cupcakes and sends them directly to customers' homes.

- The front-end site responds to users' actions by enabling them to engage with the data actively and change the way information is displayed to meet their preferred goals.
- Builds with HTML and CSS, and JavaScript.
- [GitHub link](#)

## \* DOG INN

Aug 2021 — Aug 2021

Dog Inn website is a landing page for all dog owners looking for a place where they can leave their dogs during their absence.

- The static front-end site builds with HTML and CSS, and JavaScript.
- [GitHub link](#)
